

ADVANCED SUSPENSION TECHNOLOGY

Thank you for your interest in joining the Öhlins family of authorized dealers.

We take pride in maintaining a close-knit group of authorized dealers to ensure that our customers are provided with the high quality products and outstanding service that has become synonymous with Öhlins Racing throughout the years.

Just like our shock absorbers, we have high standards for those who are representing the Öhlins product line to the market place. The following guidelines are the minimum requirements to be one of Öhlins USA, Inc.'s authorized dealers. In order to allow for the vastly different racing markets in North America, these guidelines are subject to change to fit the needs of each and every market.

1. You must be a full-time motorsports business with a proper business address, phone and fax numbers. We would prefer a store front type business where customers can see from the outside what type of business you are in and be able to walk inside to view our product.
2. **Please provide us with a copy of your business license, tax I.D. number, phone book ads, etc.**

Please fill out the information sheet and return it to Öhlins USA, Inc. for review.

We look forward to hearing from you.
